| Total Park Attendance | 25,006,000 | 25,863,500 | 857,500 | 3% |

Source: Parks Attendance and Revenue System

¹Attendance data is collected to track visitation trends, assist in the evaluation of performance, and guide planning for the operation and management of BC's protected areas system. A full breakdown of attendance and revenue by park can be found in **Appendix 1**. Data is only recorded in certain parks and protected areas due to limited resources; there may be visitation in other parks that may not be reflected in the data. Therefore, provincial attendance figures should be regarded as estimates only.

Source: Camping, boating and day use group revenues from Parks Attendance and Revenue System; other revenues from Financial Data Warehouse.

¹A full breakdown of attendance and revenue by park can be found in **Appendix 1**. Camping fees are collected through Discover Camping reservation service (DC) or in park by the Park Operator (PO); Day Use revenues include fees that are collected for hotsprings use, group site day use, and picnic site day use facilities; Boating Revenue includes fees for dock and bouy mooring, marine camping, and annual marine park passes.

²Maquinna Hotsprings Revenue not included in the line "Day Use Fees" above.

³Park Use Permit Fees fluctuate year to year based on a variety of factors, including the number of commercial recreation or film permits issued per year, the length of individual permits, and permit payments falling across multiple fiscal years.

⁴Silver Star Park also generated \$441,401 in revenue for Nordic skiing trail fees; however, this revenue is retained by the non-profit operator, and any money that exceeds the operating costs to run the Nordic facilities is reinvested into the park's infrastructure. As such, park use permit fees for this particular operator are waived. Ski hill revenues fluctuate year to year based on a variety of factors, including the payment date with respect to fiscal year and the quality and length of the ski season.

Source: Retained fees are calculated from camping, boating and group day use revenues reported in Parks Attendance System, minus returns to Crown. These fees are collected and retained by Park Operators and form part of their compensation for operating the parks. Other numbers are actual expenditures from the Financial Data Warehouse.

¹Goods and Services include all expenditures and transfers other than the specifics listed elsewhere (contract dollars for operations permits are given below). BC Parks made a one-time contribution in 2017/18 to the BC Parks Foundation for \$10,000,000; this value is not included in this financial summary.

Notes: (1)The Province cancelled the HST and returned to the GST/PST model on April 1, 2013. As a result of the change, only the GST was charged for Recreation User Fees and Permit Fees, resulting in higher net revenues.

(2)Camping fee increases in 2015 and 2016 contributed to increased revenue.

Note: Numbers include all permits active within the **calendar year** recorded and include multiyear permits. Permits that expired, voided, pending renewal, or cancelled within the year are included in the count. "Commercial Recreation" includes multi-year and short-term recreational, big game, angle guiding and associated structures, transportation, commercial services, special events, accommodation. "Land Use/Occupancy" includes structures, utilities, roads, etc. "Trapline" includes Trapline and Trapline LRMP (Land Resource Management Plan) - parks that were identified through a land use planning process, and that pre-existing uses such as trapping were recognized as uses that would continue after park designation. Any park established as a result of land use plan direction will go on the Trapline LRMP template, not the regular Trapline template. "Other" includes Bundled Operations, Non bundled, Tatshenshini River Rafting (Private). Numbers exclude operations permits for Park Facility Operators. Some permits span across multiple regions; in these cases, the permit is attributed to the lead region only. Land Use/Occupancy and Research Permits include BC Hydro's permits.
