

Free Day-use Pass Program

To keep popular parks open and safe.

Why?

- **Some popular parks are experiencing a high number of visitors, resulting in crowded facilities, packed parking lots and safety issues such as parking on access roads and highways.**
- **Visitor safety is our priority. Day-use passes allow us to safely manage the number of people in busy parks. This will:**
 - **prevent trail crowding,**
 - **provide you a more enjoyable experience, and**
 - **protect the park environment.**

About

- **Go to www.discovercamping.ca and book your pass at 7am for the next day to help you plan ahead.**
- **The number of passes available each day depends on the park.**
- **Discover Parks™ Ambassadors may be on site checking passes upon arrival.**
- **You can download the pass onto your mobile device or print it to show at the park.**

**Further details about the passes can be found at
www.bcparks.ca**

The Day-use Pass program will be in place for the peak season.
